About Us Page 1 of 2

Who We Are. The Arizona Council of Chapters (AZCOC), an affiliate of The Military Officers Association of America (MOAA), is a dynamic organization of more than 1,200 active, retired, and former officers of the uniformed services of the United States, and the surviving spouses thereof. The AZCOC was chartered on 6 Jun 1975 and later incorporated in the state of Arizona on 30 Sep 1992. It is comprised of nine chapters and four Satellite Chapters.

Mission. To provide a unified voice and support for all MOAA members and chapters in Arizona in promoting and supporting national MOAA's >>>

goals, objectives, and advocacy for the rights and benefits of—and service to—active duty, retired, and former members of the uniformed services and their families.

Vision. MOAA is recognized as Arizona’s most committed and effective advocate for the rights and benefits of—and service to—active duty, retired, and former members of the uniformed services and their families.

President's Message Page 1 of 4

Our recent Spring AZCOC meeting was indeed different than any previous meeting. The Coronado Chapter was originally scheduled to host the meeting and had everything planned, coordinated, and ready but the COVID-19 Pandemic and related guidelines on social distancing forced us to cancel the meeting. Rather than not meet at all, we decided to conduct a virtual meeting. With the support of the council staff and chapter presidents, we conducted the virtual AZCOC meeting on 1 May with a total of 23 participants including CAPT Erin Stone, Program Director of MOAA Council and Chapter Affairs as our guest speaker. Judging by the numerous comments from participants, the meeting was a complete success; and it exceeded my own expectations. I would like to personally thank all the participants for hanging in for the four-hour meeting. As I stated in our last eNewsletter, I realize most of the target audience of this eNewsletter attended the AZCOC meeting, but I also know many of you will share/forward this eNewsletter to your chapter members. With that in mind, I >>>

thought I would again share some of the meeting's key take-aways in the Topics of Interest section.

I want to highlight two items from our recent AZCOC meeting. First, the council voted to change from chapter hosted semiannual AZCOC meetings to centralized meetings with consistent venues for socials, lodging, and meetings. The council will be coordinating and managing the meetings. You will hear more on this in the coming months. Second, I urge you to visit our AZCOC Website if you have not done so lately. We recently made several changes to the site to ensure its content is current, informative, and instructional. It contains lots of great stuff for our chapter leaders. I recently reviewed websites of ten other councils and I can assure you our website is the most helpful and informative of all. Check it out for yourself at <http://azcouncilofchapters.org>.

As always, a recurring theme from our AZCOC meetings and chapter updates is the challenge of recruitment and retention. I can tell you that >>>

President's Message Page 3 of 4

“you” have been doing better in both areas. For 2019 results, MOAA paid recruitment bonuses to eight of our chapters and Retention Bonuses to eight chapters. But the encouraging news is you have all said you want to do even better! I suggest you review MOAA’s 2020 Chapter Recruiting Program Guide <https://www.moaa.org/content/chapters-and-councils/chapter-recruiting/> and contact the other Arizona chapters to see what has worked.

I know I am repeating myself...but I continue to be honored to represent you and MOAA as our State Council President. I really look forward to – and enjoy – the semiannual updates from our chapters. I am always amazed at what our nine chapters and three satellite chapters are doing for their members, communities, students, and most importantly our veterans. For example, “you” are supporting 14 ROTC and 54 JROTC programs and are donating over \$61,000 in scholarships. Plus, more chapters are working with the Arizona “Be Connected” program to provide assistance to veterans in their catchment areas. One thing I ask of you is to please send us stories >>>

and photos of your noteworthy activities so we can share them with others by posting them on our website.

Thank you again for constantly exemplifying MOAA's motto of "Never Stop Serving."

- Arizona State Legislature Ends Session – Or Not?
 - After passing a \$11.8B 2021 budget, the Senate adjourned on May 8. But the House remained in session and is now considering legislation related to the COVID-19 pandemic.
 - What will happen next is unknown, but legislation passed by the House will need the Senate in session to act on it before it can go to the Governor for signature.
 - While all this plays out, what we do know is that the important veteran’s issues for this year did not move forward.
- Veterans Benefits Counselors (VBC’s): Supporters had hoped to see at least six new VBC’s funded this year to meet a pressing need in the state. But this initiative did not get into the budget passed on March 23, so the issue is very much in doubt.

state taxes did not get traction in the Arizona legislature. A major factor is the \$45M price tag which is proving to be a heavy lift for supporters. This initiative is now stalled while the legislature turns its attention to countering impacts to the state economy from COVID-19.

- Fair Lending Ballot Initiative Fails Legal Hurdle
 - The Arizona Fair Lending Act was a ballot initiative planned for 2020 that would limit interest rates to 36% on car title loans in Arizona. This would match what is in federal lending law now for active military members. Currently, title loans in Arizona can go as high as 204% and potentially affect thousands of veterans in Arizona not on active duty or in a drilling reserve status.
 - The ballot initiative would have allowed Arizonans to vote on the issue and if passed, would become law. The Arizona Council backed the initiative, led by various community and veterans' organizations. But a legal challenge by the group to onerous state laws on ballot >>>

initiatives failed and forced supporters to call off the effort. The group is now looking at alternatives to achieve the original goal.

- Virtual Storming Up to Us Now
 - As briefed at the May 1 Council meeting held via Zoom, MOAA canceled the annual Storming the Hill signature event, previously set for March 21-26 in Washington, D.C. While the ongoing pandemic forced the cancellation of in-person events connected to Storming the Hill 2020, MOAA will continue its advocacy mission with a Virtual Storm. To do that MOAA asked council and chapter members to take the lead.
 - The one issue MOAA is asking us to take to our legislators is the need to protect the military health care benefit by stopping [DoD's planned 18K billet reductions](#) and downsizing of 48 Military treatment Facilities (MTF's). Seven of Arizona's nine chapters have responsibility for selected members of Arizona's congressional delegation (briefed at Council meeting). Chapters were asked to arrange video or phone >>>

conferences with member offices during May to urge support for MOAA's position on medical billets.

- See MOAA's link at <https://www.moaa.org/moaastorms> and click on the Issue Paper for health care. While chapters have specific responsibility for selected U.S. Representatives, every chapter member can help by sending messages to your U.S. Representative and Senators.
- Ask your members of Congress to join the fight to halt the 18K billet reductions and end military treatment facility downsizing amid COVID 19 uncertainty. You can do this by calling their Arizona district or Washington offices or by sending them a message formatted by MOAA online. Legislative Consortium to provide a forum for councils and chapters to share best practices on state level advocacy. Two chapter leaders have stepped up to lead the effort. They are:

- Col Tom Robillard USAF Ret (SC) thomas.robillard47@gmail.com
- LTC Don Wolfinger USA Ret (MO) don17609@yahoo.com
- The Council recommends chapter participation in the consortium. You can sign up by sending the two leaders above your Name, Chapter, Email Address, and Phone Number
- There have been three online meetings since the forming of the consortium. The next meeting will be in July 2020, details TBA soon.

AZCOC Legislative Affairs Chairman

As reported during the virtual meeting on 1 May, the council's finances are in excellent shape. For the record however, our unusually high balance may be somewhat deceiving owing to the quarantine period which stopped travel and visits by the president as well as our having to conduct a virtual spring semiannual meeting. But if we look to see where we'd actually be today had none of the COVID-19 restrictions been in place during this period, and all normal activities had occurred, the council's balance would be in line with what Lee Lange projected in the budget presented in November 2019.

And thanks to all chapters for having paid their dues; everyone is current.

Have you ever wondered about the history of your Arizona Council of Chapters? Like everyone else, I've had time on my hands so I decided to go through old files. Here's a bit of what I found:

The Arizona Council of Chapters of The Retired Officers Association (TROA) was chartered on 6 Jun 1975 and later incorporated on 30 Sept 1992 as the Arizona Council of Chapters

When National changed from TROA to MOAA, the Council had to file Articles of Amendment with the Arizona Corporation Commission to officially change the name. The paperwork was filed on 20 May 2002 and adopted on 16 Jan 2003. I don't know how many of you have ever dealt with the Commission, but it's not easy; I know, I've dealt with them. Paperwork back and forth shows that the Commission did not approve the new name until 4 Apr 2005

I found a program for the 5th Biennial State Convention (29 Sept to 1 Oct 1991) hosted by the Sun City Chapter at the Hotel Westcourt in Phoenix >>>

Secretary Page 2 of 2

and those chapters in attendance were: Arizona, Colorado River, Coronado, Green Valley, Northern Arizona, Phoenix, Superstition Mountain, Sun City, Sun City West, Tucson, and Yuma

I also found paperwork that showed only ten chapters in Dec 1992. Phoenix Chapter was missing; don't know what happened to it

We lost a chapter – the Colorado River Chapter closed in April 2008.

The first satellite chapter was the Grand Canyon Chapter which became a satellite in Sept 2011. They became a chapter on 6 Nov 2012

Congratulations to the Arizona Council of Chapters which will celebrate their 45th anniversary on 6 Jun 2020

One of our responsibilities as council and chapter leaders is to serve our members and our current situation provides an excellent opportunity to actively serve our chapter members through “buddy checks.”

I recently received a phone call from the membership chair of a local political party club that I belong to. The caller noted that I hadn’t attended many meetings in the recent past, asked how I was doing, requested that I recruit members, and advised that the club continued to “meet” via YouTube. Further, we talked “politics” for a while.

After the call, I thought what a great idea. In the current environment there is a likelihood that someone will actually pick up the phone and perhaps appreciate the phone call. My local American Legion Post and Knights of Columbus are doing their version of a buddy check.

A chapter buddy check can accomplish a few items: to ascertain if our chapter members are OK, do they need anything, and to seek delinquent members to rejoin. It helps if the caller has the gift of gab. Depending >>>

Personal Affairs Officer Page 2 of 2

on the size of the chapter it can be one person or a team making the calls.

I “attended” Easter Mass via YouTube. Depending on the IT talent in the chapter this approach may be viable for your chapter.

Going forward, AZ MOAA should seek ways to meet the challenges confronting us now and in the future. Consider them as opportunities.

- Recruiting Chapter Members. Getting a new or existing MOAA member in your local area interested in joining your chapter often comes down to your ability to answer “Why should I join?” Unfortunately, the answer to that question can be as varied as the number of prospective new chapter members you approach. Fortunately, MOAA has compiled a list of seven overarching reasons that will give you a fighting chance at homing in on one or more that your prospect will find compelling.
